KAL KE SITARE

Kal Ke Sitare, meaning tomorrow's stars, is the title of the Academy of Indian Dance's 1991 Showcase and will be a presentation of the work of its best students, some of whom are ADiTi Bursary holders now branching out into their professional careers.

The show will be a colourful and dynamic celebration of Indian dance, both classical (Kathak, Odissi and Bharata Natyam) and folk, performed with the skill and technique acquired through many years of study with much respected gurus.

This is a rare opportunity to enjoy the rich breadth and variety offered by different dance styles from the Indian sub-continent and an occasion to see a new generation of dancers display all the elegance, poise and rhythmic complexity of the dance form.
