RE-ACT .... ACHIEVE .... ASPIRE!

FREE workshops for young people in media and the arts

Akademi South Asian Dance UK is running two new projects aimed at 13-19 year olds, called **RE-ACT** and **ASPIRE**.

Using dance, music, theatre, design and film the workshops are designed to build self-esteem, increase motivation to learn and above all – **INSPIRE**.

The workshops can be run over two days, four afternoons, during lunchtimes or after school. Designed to work with up to 30 students, the workshops can link in with key curricular areas such as PE, PSHE and drama.
