Shifting Footprints

a foot-stomping, eye-catching multi-media performance, presented by over 120 dancers

Stratford Circus

Friday 5 July 2002 at 1.30pm and 7pm

Shifting Footprints is a culmination of 4 weeks of intensive workshops with some of Akademi's top artists working in Newham with **Little Ilford School, Gainsborough Primary School, Lister Community School and Eastlea Community School**. Artists spent a week in each school developing, creating and producing multi media dance pieces together with the participants. The different art forms incorporated have been used as a medium through which to explore such issues as refuge and refugees, journeys and identity. The young people have been responsible for the creation of all the material you see presented here, both in the displays and on the stage. Shifting Footprints will bring together 2 major projects, organised and managed by Akademi in partnership with Newham Education Refugee Team and Newham EAZ.
